

# Project Presentation

On

.....  
Presented by :

Mr. ....  
(MCA First Year, Semester II )

**Department of Computer Applications**  
**G H Raisoni Skill Tech University, Nagpur**

**Academic Session:2025-26**

# INDEX

- Introduction & Problem Statement
- Objective of Project
- Existing vs Proposed System
- System Architecture
- Technologies Used
- Implementation / Demo
- Results & Conclusion
- Future Scope
- References (in IEEE format only)

# Introduction & Problem Statement

- Project overview
- Problem in existing system
- Why this project is required

# Objective of Project

- To analyze the existing system
- To design an efficient solution
- To implement the proposed system
- To test and validate results

# Existing vs Proposed System

- Existing system drawbacks
- Proposed system solution
- Key improvements

# System Architecture

- Architecture / block diagram
- Major modules
- Data flow

# Technologies Used

- Frontend
- Backend
- Database
- Tools / Frameworks

# Implementation / Demo

- Module-wise implementation
- Screenshots / output

# Results & Conclusion

- Results achieved
- Benefits
- Conclusion

# Future Scope

- Enhancements
- Scalability
- Additional features

# References

- Books
- Research papers
- Websites
